Single-User Software License

Los Alamos National Laboratory (LANL), a contractor to the Department of Energy (DOE), we are authorized to license and distribute this software to you as a single user. Upon execution of this license, the herein identified computer software package (software and accompanying documentation) is licensed, on a non-exclusive basis, for use only by the identified single user.

The software package contents are not to be duplicated (except as necessary for backup or archival purposes), and are not to be distributed to or used by individuals or entities prohibited from having access to the software package, pursuant to export control laws and regulations. All modifications, enhancements, or conversion of this package are subject to requirements of DOE O 241.1A and must be under the original restrictions identified below and by LANL. Questions may be referred to Los Alamos National Laboratory, P.O. Box 1663, MS A308, Los Alamos, New Mexico, 87532 USA

Neither Los Alamos National Security (LANS), DOE, nor persons acting on their behalf make any representations or extend express or implied warranties: (a) with respect to the merchantability, accuracy, completeness, or usefulness of any services, materials, or information furnished hereunder, (b) that the use of any such services, materials, or information will not infringe privately owned rights, (c) that the services, materials, or information furnished hereunder will not result in injury or damage when used for any purpose, (d) that the services, materials, or information furnished hereunder will accomplish the intended results or are safe for any purpose. Reference to any specific commercial product, process, or services by trade name, trademark, manufacturer, or otherwise does not necessarily constitute or imply its endorsement, recommendation, or favoring by the United States government, its agencies, nor employees acting in its behalf.

Export Control Compliance Agreement

As a subscriber of the Software identified below, under the proper execution of the applicable software license agreement, you acknowledge and agree to abide by all applicable United States Export Control Laws and Regulations and Policies stated herein.

Authorization:

The following software package(s) identified herein are under the jurisdiction of the United States Department of Energy 10 CFR 810. In addition to the stated requirements of the section Part 810, it is the Department of Energy's Policy (NA-242) to review and as appropriate authorize and approve requests listed from "Foreign Persons" from countries particularly listed in Part 810.8a. Please refer to: http://www.access.gpo.gov/nara/cfr/waisidx_08/10cfr810_08.html.

Other Requirements:

- Single User License request requires use and access of the software package(s) identified herein only by applicant executing this agreement.
- End Use restrictions – Under this License Agreement there shall be no re-export, resale, or transfer to any other parties without the written authorization of the License Agreement Authority.
- End Use Specific Part 810.8 Countries– The requester, organization, address, end use, decision (approval/duration), comments and approver specified in the License Agreement review "Sensitive Country Software Request" (SCSR) shall be abided by and any changes shall require written authorization of the License Agreement Authority attached hereto.

Representations:

The subscriber represents and agrees that the "Intended Use" of the requested software will not be used directly or indirectly in any one or more of the following areas, unless authorized and approved by U.S. Government Sponsorship:

1) Military, Space Craft, Satellites, Missiles, and associated hardware, software or technical data; **2)** Weapons of Mass Destruction or their precursors (Nuclear, Chemical & Biological), or **3)** Activities subject to U.S. Department of Commerce prohibitions, including but not limited to those activities described in General Prohibitions (15 CFR Part 736) or Control Policy: End-User/End-Use based (15 CFR Part 744).

By signature below, the subscriber certifies that the representations in this form are true, accurate and complete, and acknowledges and agrees to comply with the United States Export Control Laws and Regulations and other stated requirements cited herein.
